

International Coastal Atlas Network (ICAN)

Meeting of European and African participants

Draft Agenda

Monday 20th September 2010 (1:30pm – 5:00pm)

Venue: Room 10, Friends House, London, UK

The goal of the meeting is to bring together participants in ICAN who are working on atlas developments in the European and African areas to review progress since the ICAN workshop held in November 2009 in Trieste, Italy, and to plan activities in the lead-up to the next workshop in September 2011 (to be held in Oostende, Belgium). It also provides an opportunity to present developments on the FP7 NETMAR and PEGASO projects which have ICAN involvement, as well as get an update on the ICAN Americas workshop which takes place from 13 to 15 September. Attendance at the event is free and participants from outside the current ICAN community are also welcome, especially those involved in, or contemplating creation of, coastal or marine atlases. The meeting will take place at the Friends House, London before the Littoral 2010 conference during which a number of papers will be presented by the ICAN community. Details on how to reach the venue can be found at <http://www.friendshouse.co.uk/>

Please contact Ned Dwyer (n.dwyer@ucc.ie) to book your place at the workshop.

Meeting Conveners:

Ned Dwyer, Coastal and Marine Resources Centre, University College Cork, Ireland
Alejandro Iglesias-Campos, ETC-LUSI / Junta de Andalucía, Spain

Agenda

13:30-13:40 Welcome and Objectives of Meeting
Ned Dwyer, *co-chair ICAN Management Working Group*

Interoperability issues and related projects

13:40-13:55 Update on ICAN semantic interoperability demonstrator
Yassine Lassoued, Declan Dunne, *Technical Working Group, CMRC*

13:55-14:15 FP7 NETMAR and ICAN use case
Torill Hamre, *Project Manager, NERSC*
Roy Lowry, *BODC*

14:15-14:30 FP7 PEGASO and collaboration with ICAN
Alejandro Iglesias-Campos, *ETC-LUSI*

Update on atlas activities

14:30-14:45 Belgian coastal atlas and the Dorset coast explorer
Hannelore Maelfait, *Coordination Centre on Integrated Coastal Zone Management*

14:45-15:00 African Marine Atlas
Mika Odido, *IODE*

15:00-15:15 EEA activities and personal reflections on European Atlas of the Seas
Andrus Meiner, *EEA*

15:15-15:30 Black Sea Coastal Atlas
Ned Dwyer (on behalf of Hristo Stanchev, Bulgarian Academy of Science)

Coffee (20 mins)

15:50-16:05 European Environmental Information System (EMIS) & African Marine Information System (AMIS)
Nicolas Hoepffner, *JRC-EU*
