

How to Reach the ICAN 4 Workshop

The workshop will take place at the Adriatico Guest House within the International Centre for Theoretical Physics (ICTP), UNESCO University, located on the coast about 12 km north of Trieste city centre.

Trieste airport is located about 40 km north of Trieste, as indicated on the map.

To get from the airport to Trieste city centre you can take a bus (line 51) or a taxi.

The bus company APT - Azienda Provinciale Trasporti di Gorizia provides the service.

Tickets for the bus can be found in the airport at

- The automatic ticket dispenser (Terminal, arrivals)
- The tourist information office (Terminal, Turismo FVG, departures)

It costs about €3.25 single to Trieste.

A timetable (in Italian) can be found at

http://www.aeroporto.fvg.it/it/come_arrivare/trasporto_pubblico/partenze/3/Trieste.htm

You can either take the bus to Trieste city centre and then take another bus back to ICTP or you might ask the driver to let you off at Grignano (pronounced greenah'no). You may want to show him/her the address of ICTP:

ICTP, Centro Internazionale di Fisica Teorica
Strada Costiera 11
I-34014 Trieste (Italy)

In the Grignano area, next to the road going down to the [Adriatico Guest House](#), you will find signposts indicating where the buildings of the [ICTP campus](#) are.

Full details on how to reach ICTP are given at <http://www.ictp.it/pages/info/how2reachictp.html>

and useful information on ICTP and Trieste can be found at <http://www.ictp.it/pages/info/visiting.html>
